

Dear Valued Customer,

Starting April 1, 2020, you will see a change to the MEDRAD® Intego PET Infusion System Patient Administration Sets (PAS). As of March 31, 2020, we will no longer be shipping PAS with Integrated filters to US customers. You will receive separate boxes of PAS and Codan Filters. Please see the photographs below for a visual representation of the differences.

PAS with Integrated Filter

PAS with separate Codan Filter

Bayer HealthCare LLC

1 Bayer Drive
Indianola, PA 15051
U.S.A.

1-800-633-7231

www.radiologysolutions.bayer.com

This change is due to the expiration of the temporary approval for the PAS with Integrated filter. We are working to gain permanent approval and will communicate with all our customers when this is available.

If you have any additional questions contact our customer logistics team at 1-800-633-7231, option 2 then 1.

Best Regards,

Rich Dewit
Head of Sales and Marketing
Bayer Radiology
