

TechCARE™ & TechCARE™ NxT

Keep You Up and Running. And Up to Date.

TechCARE™
Non-Obsolescence Programs

Bayer in Radiology's TechCARE Non-Obsolescence Programs¹ — **TechCARE** and **TechCARE NxT** — combine the latest hardware and software with world-class services to help you maximize your radiology suite potential and focus on your patients.

TechCARE and **TechCARE NxT** are more than service contracts. They offer value over the lifetime of your products, as well as enhancements that are deployed remotely² through **VirtualCARE® Remote Support** or coordinated with your annual preventative service maintenance visit to maximize your injector uptime. And with **TechCARE NxT**, you can **customize your enhancements**³ to meet your department's specific needs and goals.

For added peace of mind, our team of **Clinical Performance Specialists** delivers on-site and virtual training to help you and your staff leverage the full potential of your suite of products and services, while our **Clinical Performance Center** is there to answer your call.
